

## Message from Toby Quirk - USMA 1970 NCEA POC

Hello Intrepid Classmates,

Some of us have received thoughtful notes from classmates about the current state of NCEA. Those of us in the loop know that the most recent developments have been very positive and the potential for increased impact and growth of our gift to USMA is being realized. However, those who are not actively engaged have many questions and with the October NCEA on the horizon there has been a lot of email traffic indicating a huge information gap between current events and their understandings.

Our class president, Dave Brown, sent me an email on March 20, 2014 telling me that he is drafting a letter to the class bringing them up to date. In the meanwhile, please see <http://usma1970.com> (visit the NCEA Link) for the latest on NCEA.

The next NCEA is October 19-22, 2014. So far there has been no clarification about USMA '70 involvement. I am in weekly conversation with Captain (P) Knox and my standing offer is: "We are prepared to support the SCPME in any way needed."

If you have suggestions, guidance, thoughts or input about the information flow let me know. Meanwhile you are encouraged to write, call and connect with your circle of friends and spread the good word, using our report as a source of content. (Attached).

Also attached a short summary of the Superintendent's 10 Mar reception where he hosted a round-table discussion with cadets, staff, faculty and 2 of us from USMA '70 - [Wattendorf](#) and me.

Serve With Integrity, [Toby](#)
